

EQTrace md

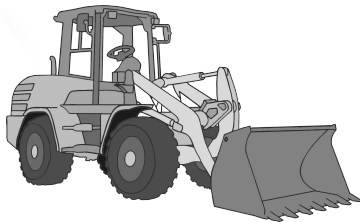

work platforms

Forklifts

construction machinery

Record usage times to the day

- Automatic collection of the data relevant to billing
- Data transmission via WLAN
- Insensitive to dust, water, heat or vibration
- Data storage 365 days
- Easy evidence of weekend use or multi-shift use
- Easy detection of faulty or missing battery charge
- No monthly costs

Excellent for rental and industry.

The highlights at a glance:

- Data acquisition of 4 functions, e.g. machine running time, battery charge, fault input...
- Storage capacity 365 days
- waterproof, shake-proof
- easy installation
- Data evaluation via WinDaT App or WinDaT PRO (optional)
- Data transfer via WiFi
- RFID Reader optional anschließbar
- Simple evaluation of the data with WinDaTPro under Windows
- can also be used under Obserwando
- adjustable + readable via app

Technical Data:

Operating voltage: Supply via vehicle battery 12VDC - 60VDC

Input: 4

Output: 1

Data storage: 365 days permanently

Shock sensor: existing

Protection: IP66

Temperature range: +75°C / -20°C

Housing dimensions: L*B*H (mm) = 105 * 72 * 34
